Nichey Chowk, Khunti — 835210 | 24 districts | 32,620 villages | Cash & UPI | No Surge, No Haggle

THE PROBLEM YOU FACE EVERY WEEK

■ 2–3 HOURS WAIT

Shared auto only leaves when full. After haat or after 6 PM — no vehicle at all. Hospital run becomes a crisis.

■ HAGGLE, NOT FARE

Driver says ■300 for 10 km, you haggle to ■220. No meter, no slip. Tourists pay double.

■■ 'ANJAAN DRIVER' FEAR

Unknown driver, no number record, no OTP. Parents won't send daughters after dark.

■■ CITY APPS DON'T COME HERE

Ola/Uber end at Ranchi/Jamshedpur. Your village is off their map.

Result: You overpay, you wait, or you stay home. A mother in Torpa walks 4 km to the road, then waits 2 hours for a Sadar Hospital auto. **This is why District Car was built in Khunti — for you, not for the city.**

Real cost of "no option": Jharkhand MMR 76/1 lakh (delayed hospital transport) • School dropout 18% ("no conveyance") • You pay ■250–350 for what should be ■120–170.

INTRODUCING DISTRICT CAR
